Dear Customer:

Two things -

1. Thank you for your business.
2. A "free plant offer." *

I wanted to say "thank you" for the orders you've sent me -
I wanted to say this for a long time but I haven't got
around to it until now.

Like you, I want to build a business of satisfied customers.
Believe me it's not an easy job but I'm trying to give you
better plants and better service.

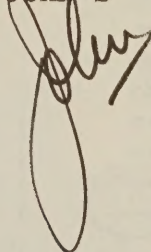

By the way, if there is something I've done wrong, some
correspondence that I've overlooked, just write me a penciled
notation on the bottom of this letter as to what I should do
to correct any mistake that I've made.

To encourage you to place your initial order for fall plant
sales early I am offering a few free plants as an inducement.

Again, thank you!

Sincerely,

JOHN'S
